RE: Letter of Recommendation and Appreciation

To whom it may concern:

It is with pleasure that I share the following comments and key points about the services AGM Group Engineering provide on the Antilles Elementary School at Fort Buchanan. AGM has the knowledge in area of service and construction. They are dependable and reliable as contractors. Their leaderships and management's skills have been an added benefit to the project.

I would highly recommend AGM Group Engineering to any organization. They have provided the resources and experience required to perform quality construction on every task that we required. They truly understand what it takes to maintain a success relationship with their customers.

Sincerely,

Robert Vierra
